Total Construction designed and constructed this new facility in the industrial suburb of Mitchell ACT. Design which included DA was by MCHP Architects with engineering by Northrop.

The development is a two level building and comprises 9 individual tenancies which included Kennards Hire as the first drive through branch in the ACT. Kennards Hire is one of Australia's leading equipment hire companies with branches in every state.

Construction selected was pre-cast concrete panels, post-tensioned structural floor slabs and structural steel roof frame and metal deck cladding.
