Concept to Completion

Total Construction was awarded two projects by the Revesby Workers Club for modifications to the fitness centre in the club premises and construction of a new stand-alone Treehouse Childcare Centre. Tompkin Whittle Pty Ltd was Project Manager for both projects on behalf of the client. Architectural design was by Altis Architecture.

Located in southwest Sydney, the Revesby Workers Club is one of the largest clubs in NSW and is fully equipped with a bistro area, games rooms, health club, aerobic area, gaming machine zones, restaurants and hospitality areas.

The modifications comprised the conversion of an existing parking, liquor shop and aerobic area to a completely modern new fitness centre, massage room, travel agent, hair and beauty section, childcare centre, group rooms for aerobic activities, attractive reception counters, bar front and administration area.

The childcare centre is a new two storey building adjacent to the main club building. This is the first childcare centre to have its own catering facilities including a fully equipped commercial kitchen to provide meals for children and staff.

Inaugurated by Deputy Prime Minister Julia Gillard on 10th of July 2009, the centre consists of 5 activity rooms, staff room, manager's office, baby cots room, milk prep area and 4 amenities areas to satisfy the needs of all children. Colourful soft fall sections and sand pits within 4 play areas on both levels makes this childcare centre completely unique.
