

Broadway Shopping Centre Bathroom Refurbishment

Ultimo, NSW

Refurbishment of the existing Level 2 amenities

PROJECT DESCRIPTION

Total were contracted to refurbish the existing level 2 amenities at Broadway Shopping Centre in Ultimo. The project involved a full strip out of the existing bathrooms and fit out with new high-level finishes including custom vanity mirrors, Italian stone tiles and Akiril wall panelling. The opportunity was offered to Total through Codicote for Mirvac Limited.

Challenges & Innovations

The project was completed in a live shopping centre environment which presents a few specific challenges. The demolition and noisy works were completed out of hours in coordination with the Hoyts movie schedule. Total contracted the base building cleaner to ensure the common spaces were left spotless every morning. Deliveries were planned within specific windows and ample notice was offered to the security team at Broadway. These key live environment strategies coupled with a friendly experienced site manager resulted in a very successful project.
